A gift in your will or trust can change lives forever.

How will your life's work and values be remembered? What kind of world do you want your grandchildren and great-grandchildren to inherit?

By making a bequest, or a gift made through your will or trust, to the Sanford Health Foundation, you can leave your mark on the future and give hope, health and healing for generations. With the right planning, you may even increase the size of your estate and reduce the tax burden on your heirs.

The benefits:

- Costs you nothing during your lifetime.
- Can be changed as needed.
- Allows you to be far more generous than you ever thought possible.
- May reduce the burden of taxes on your family.
- Easy to arrange. A simple paragraph added to your will or trust is all it takes.
- Makes you a member of the Sanford Health Foundation's Legacy Society, a special group of visionary donors whose generosity is recognized in meaningful ways.
