Consider these easy tips to get your fundraiser started.

TELL YOUR STORY
Why are you inspired to support Sanford Health? Did you or someone you love receive lifesaving care? Did a caregiver go above and beyond to make a difference in your life? Has your life, or the life of a loved one, been enhanced thanks to a medical breakthrough or innovative treatment? The “why” behind your fundraiser is what will inspire others to participate; it will fuel the success of your fundraiser.

SET A GOAL
Motivate your supporters by establishing a goal for your fundraiser and encourage additional participation by sharing progress along the way.

MAKE THE FIRST GIFT
Show your supporters how serious you are — and that you’re in it to win it — by making the first gift to your fundraiser.

SHARING IS CARING
Use the power of social media to promote your fundraiser, inspire participation and fuel support. Use your own words and personal photos to share the “why” behind your fundraiser. From there, create a social media plan to engage with your supporters, grow your audience and activate more involvement.

- Drive engagement through content: Post photos and videos that include a clear call to action with reminders that every gift matters.
- Use stats and facts: Highlight the importance of your fundraiser by sharing information about the impact of philanthropy.
- Recognize and celebrate: Highlight the achievements of your fundraiser in real time through posts that celebrate donations, share fundraiser milestones and thank supporters.
- Don’t forget to tag: Increase your social reach, amplify your message and inspire donations by tagging others in your posts. Tag your supporters, your volunteers and the Sanford Health Foundation.

You will be brought to a webpage that looks like this:
STEP 2: SELECT THE ‘BECOME A FUNDRAISER’ BUTTON

You will be given three options to start fundraising:

- As an individual
- Join a team
- Create a team

Please select ‘Create a Team’ if you are creating your own fundraiser.

You will then be prompted to ‘Log in’ or ‘Create An Account.’ Select ‘Create An Account’ if you haven’t fundraised with us before and follow the on-screen prompts.*

*If you are notified your email address is already associated with an account but unsure your password, select ‘forgot password?’ and continue to login through that process.
STEP 3: CREATE YOUR TEAM
You will next see a screen asking for the following:

- Team Name
- Fundraising Goal
- Team Page Headline

Once you have filled out this information, select the ‘Create Team’ button.

STEP 4: CHANGE YOUR TEAM PHOTO
You will have the option to change your team photo. While this isn’t required, we do recommend adding an image as it helps your participants find your page and differentiates your fundraiser from others.
STEP 5: FILL OUT YOUR ANSWER TO “WHAT WOULD YOU LIKE YOUR FUNDRAISING TO SUPPORT?“
You will be prompted to fill out the above question. Once you do so, you’ll arrive at your new team page!

STEP 6: CONTINUE PERSONALIZING YOUR PAGE
This step is optional if you’re happy with what you have!

- To edit and manage items associated with your page (story, donations, emails, teammates, etc.), select the ‘manage’ button in the top right corner.
- To edit and manage other details of your page, follow the prompts on the screen like ‘Edit your page’s headline’ by clicking the ‘Edit’ button.

STEP 7: SHARE YOUR FUNDRAISER
When you’re ready to share your page with family and friends, select the link icon or the social media icons. You’re all set!*

*Should any questions arise while creating your fundraising page, please reach out to Bree LeBrun at bree.lebrun@sanfordhealth.org.
